

VScom USB-4COMi-M

USB to 4 RS422/485 ports adapter

KEY FEATURES

- DIN-Rail mountable
- 4 x RS422/485 ports
- Speed up to 921.6kbps
- No external power supply
- Metal case

Overview

Serial ports on USB allow further use of existing devices, even when the computer doesn't offer serial ports.

The high speed serial port with the 128 byte FIFO allow high speed communication, even in heavy loaded systems. Unique features reduce the system load. The serial port also allows unusual speed settings like 500.000bps.

Specifications
